OK Thanks! I will do something similar for Class III.

I need to work on the EJ analysis in the morning in time for a meeting after lunch, so I don't think I will attend your meeting. Thanks for including me, though. If you need me for any reason, I will be at my desk. Just give me a call from Douglas's office and I will come visit!

Thanks, Chuck. Have you also figured out what to say about FR?

Class V issues:

- Status of Class V permit and SOB review
 - Extent of Lucita's comments on the draft A few issues to resolve, will need to meet with Lucita, Douglas and possibly Valois to reconcile - I just put out a meeting request for tomorrow (7/18)
 - Estimate for when Chuck will be done addressing those Will know more after Lucita, Douglas and I meet and decide how to approach changes to the documents. I'm in Tampa all next week leading the UIC Inspector Training, but have the following week somewhat free to work on this.
 - Also whether Lucita needs to review this again before it goes to Douglas for review. Spoke with Lucita about this, and she only needs issues resolved - whether that means it goes back to her to sign-off or we agree verbally on the changes. she left that to us to determine.

Subject: Dewey updates

Hi everyone –

Since we didn't have a team meeting this week, can you please provide email updates on Dewey Burdock? I'd like to know:

- Status of Class V permit and SOB review
 - Extent of Lucita's comments on the draft
 - Estimate for when Chuck will be done addressing those
 - Also whether Lucita needs to review this again before it goes to Douglas for review.
 - Whether the Class V permit now includes the ESA mitigation measures approved by FWS
- Status of the Class III permit and SOB review

- Whether the Class III permit now includes the ESA mitigation measures approved by FWS
- Confirmation on whether the permit and SOB are fully drafted, including the GW model language from Cadmus/Rick, and with Lucita for review.
- Estimate for when Lucita's review will be complete.
- Status of the AE
 - Confirmation on whether this has been sent to Lucita
 - Estimate for when Lucita's review will be complete
- Status of the public meeting
 - Info on who has been identified as the lead for planning the public meeting
 - When the details of the meeting (venue, court reporter secured, etc) are expected to be finalized
- Status of the EJ document
 - Whether Kimi is done with her review, or when she estimates being done.
- Status of the NHPA document
 - Whether Mike is done with his review, or when he estimates being done.
- Status of the tribal consultation letters
 - Confirmation that these were mailed out
- Anything else we should discuss?

Thanks!
